### **CENOTAPH DESECRATION CONDEMNED**

The Minister responsible for Veterans' Affairs Victor Dominello has condemned the vandalism attack on the Cenotaph that occurred in Martin place this morning.

"This is an act of desecration that must outrage the veterans' community, and the community at large, particularly so close to Australia Day," Mr Dominello said.

"Veterans and their families will be outraged by this attack on one of the state's sacred shrines dedicated to those who fought and died for their country.

"I join with police in urging members of the community who know anything about this act of desecration to come forward with information," Mr Dominello said.
